DSLRKIT Pro Lens Vise Tool 欧盟产品说明书（速卖通粘贴版）

PRODUCT USER MANUAL (Brief Version)

Product Name

DSLRKIT Pro Lens Vise Tool
For Dented Lens / Filter Ring Repair & Adjustment

1. Description

This tool is designed for repairing dented, deformed lens filter rings and adjusting filter thread for DSLR, mirrorless camera lenses.
- Application: Lens filter ring repair & alignment
- Diameter range: 27mm – 130mm
- Material: Hard anodized aluminum + 304 stainless steel
- Surface protection: Anti-scratch plastic protection

2. Intended Use

- For external lens filter ring correction only.
- For photography enthusiasts and equipment maintenance use.
- Not for internal lens structure, lens barrel or optical parts repair.

3. Safety Instructions

- Do not use excessive force; may cause permanent damage to lens.
- Keep away from children under 14 years old.
- Do not use in wet, high temperature or dusty environment.
- This is a precision tool, not a toy.

4. How to Use

1. Protect the lens surface with a soft cloth before operation.
2. Choose the suitable side (small or large) according to lens size.
3. Gently clamp the deformed filter ring.
4. Slowly adjust until the ring is round and thread works smoothly.
5. Remove the tool carefully after repair.

5. EU Compliance Information

- EU Responsible Person: CET PRODUCT SERVICE LTD.
- Address: Osterholzallee 144, 71636 Ludwigsburg, Germany
- Tel: +497-1416432236
